ABOUT THE INITIATIVE

In order to recognize the initiators of innovative work and outstanding achievements across the plastics industry, we proudly announce the Plastic Recycling Awards 2026, now expanding its scope to cover key recycling sectors.

The objective of these awards is to motivate industry leaders to strengthen their contributions toward sustainability, innovation, and environmental responsibility. The awards will recognize companies and institutions that have demonstrated exceptional performance in recycling, waste management, and circular economy initiatives.

Nominate your organization in up to 10 categories and be part of this prestigious ceremony.

A total of 30 awards across 10 categories will be presented to outstanding contributors in the recycling sector.
